

YOUR VISUAL STORY

August 2, 2018

Riva Kupritz
Owner
Outsourced Marketing

Dear Riva,

Thank you again for our recent conversation and a good briefing on your fascinating Qualitative Research work. Based on this information, we are looking forward to exploring new practices to help you **significantly differentiate your services** by presenting results from interviews, focus groups and other qualitative research to your clients, using the **power of Visual Storytelling**.

VISUAL STORYTELLING INSTITUTE (VSI)

VSI is the only think tank in the world dedicated to Visual Storytelling in the context of marketing, offering private consulting, academic programs and thought leadership. Typically, these are structured around VSI's 9-step signature framework and supporting digital workbook. Our main differentiation is about creating your visual storytelling experience using our **signature narrative framework** that's anchored on **high-end artistic visuals**.

DISCOVERY WORKSHOP - SCOPE

As we discussed, once you identify a suitable client, we suggest starting with a quick, low-risk option we call **VSI Discovery Workshop**. The workshop will be delivered online or in-person with additional travel costs.

Typical agenda follows these outlines:

1. Recap on your **Backstory and Objectives**.
2. **Story Making**: Brand Story SWOT – how far are we now, what needs work.
3. **Story Visualizing**: quick look on your visual formats, mini-stories harvesting, identifying artistic approach and production process.
4. **Story Telling Checklist**: reviewing your delivery channels, content planning process and metrics.
5. **Post-Workshop Follow-up Teleconference** within two-weeks: progress check, addressing questions and finalizing next steps and **Action Plan**.

YOUR VISUAL STORY

AFTER THE WORKSHOP

After the workshop, we'll be able to share with you a concrete **Action Plan Proposal** (i.e., Story Visualizing Plan covering scripting, shooting and editing your visual pieces) with the help of VSI's Global Production House.

PRICING

Total price for this Pre-survey + 2-hour workshop + Follow-up teleconference is **\$490**.
